No. of students per full-time faculty member A/B

 $\underline{ \text{There are 198 full-time teaching staff members at Ochanomizu University}} \leftarrow (B)$ 

<sup>\*</sup> Full-time teaching staff members belong to the Faculty of Core Research (General Education Division, Humanities Division, Human Science Division, Natural Science Division), and are engaged in university-wide operation of the graduate and undergraduate programs. Because the number of full-time teaching staff members has not been allocated for each faculty or graduate school, the total number of students is divided by the number of full-time teaching staff members.

<sup>\*</sup> In cases in which the courses taken cross into other faculties (non-degree students only), they are coordinated by the individual faculty.
